*“We continuously strive to provide the best quality products at a reasonable price, and we’re glad to share our knowledge so you can make the best decision for the core of your home.”*

SHAWN PEDERSEN  
CORE CONCEPTS, CEO

- 1 UV COATING:** protects the plank and enables easy cleaning and care
- 2 WEAR LAYER:** 0.7mm (28 mil) guarantees very high durability, impact resistance, scratch resistance and impermeability
- 3 PVC LAYER:** 1.5mm - gives the plank high dimensional stability, inner strength and optimal indentation behavior
- 4 WPC LAYER:** 4.5mm - waterproof WPC provides the whole plank with strength and durability
- 5 UNDERLAYMENT LAYER:** 1.5mm - provides easy and fast installation, sound insulation, smooths out minor sub-floor imperfections and improves feel

- **CLASS LEADING 28 MIL WEAR LAYER**
- **LIMITED LIFETIME WARRANTY**
- **BULK & CUSTOM ORDERING AVAILABLE**
